SHORT LOCALS.

Brief Items of Interest Throughout the Town and County.

Last Sunday the Trinity Methodist Sunday-school made a liberal contribution to the Belgian relief fund.

Mr. H. F. Bamberg and family have moved from the city to his farm, the Elkins place, in the country.

Mr. and Mrs. J. C. Moyer, who have been boarding at the Johnson Hotel, have moved into the L. N. Bellinger house.

Mrs. Robert Black and little son and Miss Hattie Newsom returned Sunday evening from Williston, after spending some days with relatives.

Mrs. J. M. Jennings and Mrs. Reynolds have rented their cottage on New Bridge street, and have moved to Blackville, where they will open a boarding house.

The Johnson Hotel is now vacant, having been vacated by Mrs. Sandifer and Miss Snyder, who are now occupying rooms in the old dormitory of the Carlisle school.

Mr. and Mrs. C. E. Black, who were married last week, will go to housekeeping at once in one of the new cottages on Carlisle street belonging to Mr. Thomas Black.

Mr. and Mrs. H. N. Folk, who have been boarding at the Johnson Hotel for some time, moved last week into one of the new cottages which were erected on Carlisle street by Mr. Thomas Black.

According to the last report issued by the census department, Bamberg county had ginned up to November 14, 22,645 bales, against 22,049 for the same date last year, an increase of nearly 600 bales for the county.

The postmaster has been notified that nuts and fruits may be forwarded by parcel post in sealed packages. Parcel post packages are usually required to be unsealed, but an exception has been made of packages of nuts and fruits.

By an oversight, the meeting for the foreign and home societies for the Methodist church was announced for the first Tuesday in December. The meeting is to be held in the ladies' parlor on Tuesday afternoon next at 4 o'clock. Let us have a large attendance, please.

Prof. D. L. Betts, of Wofford college, Spartanburg, writes: "I enclose herewith a check for \$1.50, being payment of my subscription to your paper. You are giving us a good newsy paper. I don't want my subscription to stop. 'We boys' here from Bamberg can't do without it."

The graded school gave a holiday from Wednesday of last week until Monday of this week, as a session was held on the Saturday before in order that no school would be held Friday and some of the teachers could spend Thanksgiving with friends and relatives out of town.

For some reason the work on the passenger station has been suspended for some days. The concrete work has been completed. The train shed is yet to be placed. The depot presents a much improved appearance, although many citizens think Bamberg was entitled to an entirely new station.

Among the 101 convicts granted clemency by the governor of South Carolina Thanksgiving day, one was from Bamberg county, Tink Hancock, a negro. Hancock was convicted last March of manslaughter, and sentenced to serve twelve years upon the public works. He received a Thanksgiving parole.

The football game on Thanksgiving day between the Carlisle school team and the Orangeburg high school team resulted in a score of 27 to 6 in favor of the local team. Carlisle has a fine team this year, and it is in good trim. A large crowd came over from Orangeburg to witness the game.

The Branchville Herald says: "The Savannah & Northwestern railroad project seems to be a dead dog. We have made diligent inquiries as to the cause of work being suspended, but can learn nothing other than the supposition that the promoters have failed to raise the necessary funds on account of business depression caused by the European war."

The people of Bamberg, without exception we feel sure, are delighted that Rev. E. O. Watson has been sent to Trinity Methodist church for next year. Mr. Watson is known to the congregation of Trinity, having visited here on a number of occasions and he also conducted a meeting here some years ago. He is an attractive pulpit orator, with a magnetic personality and has held some of the most important appointments in the South Carolina conference. We welcome him to Bamberg, and trust he will do a great work here, which seems to be needed.

The Bamberg Herald will give a year's subscription to anyone bringing a potato to this office weighing more than twelve pounds. This may be the biggest potato in the State, but we believe Bamberg can easily beat any other county.

We wish to request everyone who received a notice last week that his or her subscription had expired either remit to us at once or drop us a note stating when we may expect settlement. The Herald has no desire to continue the paper to anyone who does not want the paper, and if there is anyone who cannot pay for it at this time, we ask that they notify us to that effect.

The postmaster requests it stated that all Christmas packages may now be filed with the postoffice for dispatch. In order to avoid the usual Christmas rush and to give the best possible service, the postoffice will receive in advance, weigh, stamp and prepare parcels for dispatch, but will hold, if so requested, until just before Christmas. By doing this all packages will be dispatched promptly before the holidays. All packages may be marked "Not to be opened until after Christmas."

Death of Mrs. Sallie Guess.

Denmark, Nov. 26.—After a considerable period of ill health, Mrs. Sallie Guess, wife of Dr. S. D. M. Guess, died at her home yesterday in the 82nd year of her age. Mrs. Guess before marriage was Miss Sallie Barr, of Lexington county. She leaves her husband and one son, Capt. J. B. Guess. The burial took place from the residence this afternoon at 3 o'clock.

Methodist Appointments.

Rev. E. O. Watson was appointed by the Methodist conference, held at Sumter last week, for the Bamberg and Bamberg cotton mill charges. Rev. W. H. Hodges, who has completed his full four years at this place, goes to Lake City. Rev. H. G. Hardin is returned to Denmark. Other appointments in the county are as follows: Olar, Rev. A. Sarsard; Ehrhardt, Rev. B. J. Guess. Rev. M. L. Banks is presiding elder of the Orangeburg district.

Reception for Mrs. Henderson.

On Friday afternoon Mrs. E. P. Henderson entertained at a reception complimentary to her daughter, Mrs. Henry Henderson, of Bamberg. The home was beautifully decorated for the occasion, the color scheme of pink and green being carried out in many artistic ways. A large number of guests called during the appointed hours.

In the receiving line with the hostess and Mrs. Henry Henderson were Mrs. D. S. Henderson and Mrs. T. D. Johnston and assisting in receiving the guests were Mrs. Finley Henderson and Misses Lina Doherty, Kate Henderson and Florence Powell.

Delicious refreshments were served in the dining room by Mrs. J. P. McNair, Mrs. Harry Wyman, Mrs. Charles Hill and Mrs. Frank Henderson.—Aiken Journal and Review.

Trinity Sabbath School.

Regardless of the rain there was a splendid attendance at the Sunday-school services on the last Sabbath.

It being our regular Sabbath for the study of missions we were fortunate in having Mr. Swain Merchant to give us a talk on Belgium. Mr. Merchant brought out many interesting points in the history of this little country. Though less than one-fourth the size of our State of Mississippi, it is densely populated by a very frugal set of people.

Our hearts go out to these people in their failure to remain neutral in the present war, and we trust that our Sabbath-schools of America will see to it that they do their part to restore and push forward higher ideals of love and service in the hearts of the Belgian people, who in spite of present surroundings, are still a pleasant people.

Taxes Coming In Slowly.

County Treasurer Jennings stated yesterday that up to the present time he has collected only about \$2,716 in county and State taxes. The total amount of taxes due in this county this year is \$73,593. Mr. Jennings says that the taxes are being paid unusually slow this fall, and that he should have collected up to this time fully \$10,000. He urges that the taxpayers come in and pay their taxes, as it is possible that the schools all over the State, as well as all other State institutions, will suffer for lack of funds.

Of the total taxes to be collected from this county the railroads pay \$16,994 and the banks \$34,570, these being the two largest classes of taxpayers.

Of the amount already collected, something over \$400 was paid over to State Treasurer Carter. The amount of taxes received by Mr. Carter up to Monday was about \$48,00, against about double that amount for the same date of last year.

The B. E. and W. Depot.

Contractor Bolen is having the finishing touches put on the new Bamberg, Ehrhardt and Walterboro railroad station, and the depot will soon be ready for use. The building is now being painted. The station is quite large and roomy. A long freight platform has been built on the south end, and ample freight rooms have been provided. The station is neat and presents an excellent appearance.

Arrest of Native Reported.

Washington, Nov. 27.—Despite Carranza's guarantees that Mexicans employed by Maj. Gen. Funston in the administration of Vera Cruz would not be molested, the arrest of one such Mexican was reported to the state department today by Consul Canada. No details were given.

The new civil government at Vera Cruz has been announced, but has not yet been put in full operation. Consul Canada reports the police still apparently are under military control.

Continued quiet prevails and Gens. Aguilar and Martinez have reiterated Carranza's promise of protection for American life and property.

Gens. Hay and Villareal, Carranza chieftains, recently reported under arrest in Mexico City, are at Monterey with the garrisons. Latest dispatches to the state department report Gen. Villa and his forces at Tula, about forty miles from Mexico City.

Communication is slow from Mexico City and officials today expressed the opinion that Villa probably already had entered the capital.

The situation at 1 p. m. yesterday in Vera Cruz was described as follows:

"Houses were opened for business. The sale of liquor was permitted except to drunkards. All kinds of paper and Mexican money including a small proportion of American currency, was being freely circulated. Gen. Candido Aguilar, the Carranza commander, had called at the American consulate and through Consul Canada had extended congratulations to this government upon the orderly manner upon which the evacuation was made and the clean condition in which he found the city. First Chief Carranza and Gen. Obregon and Alvarado were expected to enter the town at 4 o'clock. Automobiles and cars carrying aeroplanes and several train loads of other property had just arrived from Mexico City. The Mexican gunboat Zaragoza was in the harbor. While there was a strict censorship, Consul Canada was assured that all of cables had been sent."

From Mexico City came a report that the property of an American dairyman named Hill on a ranch near the city had been looted by soldiers. The state department immediately cabled Consul Silliman to request the proper authorities to arrest and punish the guilty parties and demand the return of the property.

Its editorial columns are original and free, speaking the minds of its editors. "The Farmer's Column" is full of timely advice and suggestion about agricultural topics.

"The Revelations of the Kaiser's Personal Spy," is the most authentic and remarkable document dealing with European politics that has been published in many a day. The author, Dr. Graves, was for years the trusted spy of the German Kaiser, and probably knows more about the inside workings of diplomacy than any man who has ever had the courage to tell.

There are seven articles in all, every one intensely absorbing. We give the second one in outline to the left briefly. All seven are just as interesting. Send a money order now and have the paper start at once so you will get the entire series.

A postal will bring you The Times and Democrat for one week free, containing in full the first article by Dr. Graves, entitled, "The Agadir Crisis."

The articles start Saturday.

"In the Black Forest"

The first story of the series, "The Agadir Crisis," tells how the Kaiser averted a war in June, 1911, over the Moroccan question. The first installment of this story will be in The Times and Democrat Saturday, December 5.

The second, "In the Black Forest," will start about a week later. It contains some of the most astounding revelations of them all. It tells of a secret conference, over which Dr. Graves was the guard. The secretary of the Kaiser told him what this mission was when he came to the foreign office, and the author expresses his astonishment:

"Here was all the press having Germany and England ready to rush at each other's throats in war. . . And now here were two powerful members of the English cabinet meeting the Kaiser's ministers of war secretly."

What did they confer about? What result had it upon European politics? Dr. Graves lays the entire agreement open, and concludes his remarkable article thus:

"Do you recall how Germany at the very beginning of the great war hurled her army corps upon France by way of Belgium? I cannot help believing that to the last Germany felt secure in so doing—that England would not object—and all because of that secret meeting in the Black Forest I have told you of."

Read all seven as they are printed in The Times and Democrat during the next two months.
